Leisure Resorts

Axi Reach IT solutions will enhance your guest's experience by offering hassle free internet. Over 90% of hotels and resorts offer some form of internet: either wireless or wireline, but many guests and managers are frustrated with the high costs and spotty coverage. With Axi Reach, you can give your guests a break by offering internet that's easy to sign on to. And even if a problem should arise, with our 24/7 customer support number, your guests will be able to access the internet matter what time of the day or night. Why stop at internet? Axi Reach offers a wide variety of different services that cater to hotels and resorts like Video On Demand and personal voicemail for each guest. Once the internet infrastructure is in place, Axi Reach has a host of other services that will also make running your business a breeze. This is a cost effective efficient way to provide a service in your hotel, which makes you more marketable.

Switch on our easy-to-use billing system and generate additional revenues from guests: an Axi Reach IT solution can pay for itself in months. Reliable, secure and easy to manage = no new management headaches. Axi Reach eliminates downtime and customer complaints, so you can focus on managing your property, not your internet. Our 24/7 customer support staff minimizes the time you spend managing the network. Our superior technology enables you to manage the internet, network, and resort management systems all from the same location and Axi Reach will make the initial investment into your internet services at no cost to you. In today's world, providing internet services is essential to running a hotel, but who knew how complicated that could be? You will never have to panic in the middle of the night that your server has gone down and a hotel guest is unable to connect to the internet. With our guaranteed support, 24 hours a day 7 days a week, our services are truly worry free.
